Buggy Policy 2020

The policy on the use of golf buggies at all Manchester and District Golf Alliance events is as follows.

All amateur players will be allowed to use a buggy during an Alliance competition.

Players wishing to hire a buggy provided by the host club are responsible for making the necessary arrangements with the club and this will be on a 'first come first served' basis.

Players wishing to use their own buggy must obtain approval from the host club for the use of their own buggy prior to the date of the event. Players failing to gain such approval will be disqualified from the event.

PGA Professionals may only use a buggy in accordance with the current PGA regulations.

R I Hales

Hon. Secretary
